

## Teddy Horsley follows Pilgrims' Trail on Church Island

Tania ap Sion

Teddy Horsley always enjoys visiting Church Island, near Menai Bridge. On his last visit to Church Island at the end of July, he was delighted to find the Teddy Horsley Pilgrims' Trail all set up and ready to follow in the ancient church of St Tysilio.

The Pilgrims' Trail has been created for families visiting the area, and follows a path through six 'stations' around the church and the Island. On the journey visitors find out about St Tysilio and how the Christian community has kept the Christian faith alive there for centuries.

Teddy Horsley has also made some films about his visits to Church Island and these are

available on his new Teddy Horsley website ([www.teddyhorsley.org](http://www.teddyhorsley.org)).

Teddy Horsley is grateful to all his friends in the Ministry Area of Bro Tysilio and the St Mary's Centre who have made the Pilgrims' Trial possible.
