

## Place of trust

Let us sing our song to you,  
Many voices will guide us through;  
Celebrate with us in this place of trust,  
Celebrate this special day.

With strong foundations, we build a place  
For all world values and every race;  
From mosque or synagogue, from church or shrine,  
A place of trust where we can shine.

Let us sing our song to you,  
Many voices will guide us through;  
Celebrate with us in this place of trust,  
Celebrate this special day.

A place needs people like you and me  
To learn together in harmony;  
Baha'i or Buddhist, Hindu or Sikh,  
A place of trust where we can meet.

Let us sing our song to you,  
Many voices will guide us through;  
Celebrate with us in this place of trust,  
Celebrate this special day.

Fate, God or accident, why are we here?  
Where are the answers to hopes and fears?  
So many questions, so great the task,  
A place of trust where we can ask.

Let us sing our song to you,  
Many voices will guide us through;  
Celebrate with us in this place of trust,  
Celebrate this special day.
